Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Wednesday 28 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Scattered showers continuing, heavy and thundery at times.

This Evening and Tonight:
Showery conditions continuing through the evening into tonight, some locally heavy with a risk of thundery outbreaks. Showers will ease into the early hours of Thursday giving some clear spells across the region. Winds increasing overnight, particularly in costal locations. Minimum temperature 8 deg C (46 deg F).

Thursday:
A cloudy start to the morning with fog patches in effected areas, widespread showery rain. Showers becoming more isolated through the afternoon giving sunny spells. Breezy conditions expected. Maximum temperature 20 deg C (68 deg F).

Outlook for Friday to Sunday:
Prolonged outbreaks of rain through Friday with some sunny spells. More sunny spells through Saturday and Sunday, with isolated showers possible. Feeling cooler and fresher, pleasant in the sunshine.
